REVIEW ERASMUS

The experience in Latvia was the best I have ever had. The fun I had, the friends I made and the new things I saw will always be in my mind!!

My trip in Portugal was absolutely gorgeous. I saw and learnt so many things for the town, the culture, the tradition. But the most important for me was that I made real friends!!

Undoubtedly my experience of this long and European trip was very beautiful and special. Both friendships and new places have traveled to another reality!!!

My first experience travelling abroad was incredible and unforgettable. I met so many different people, I also learnt many things about their culture, religion, tradition and I made real friendships with every single one of them!!

My school trip in Portugal was a marvelous experience, which I will never forget. I had the opportunity to visit the city of Porto, meet new students from different countries, learn a lot of things about their customs and habits and of course make lots of friends!!!!
